- 20 programs memory
- Hi-tech servo drive

Can be online attached with **Stallion foldmaster**
Book Folding Machine

Available in Single & Three Heads

Technical Specifications:

SPEED	UPTO 30 SECTIONS / MINUTE
BOOK LENGTH	MAX. 930MM – MIN. 90MM
BOOK WIDTH	MAX. 480MM – MIN. 210MM (CENTRE PINNING) MAX. 240MM – MIN. 110MM (SIDE PINNING)
POWER CONSUMPTION	2 KW, SINGLE PHASE
BOOK THICKNESS	MAX. 8MM – MIN. 2 PAPER SHEETS
WIRE	24-26 SWG (DIA. 0.60 – 0.50MM)

In 5 automatic steps:

Gathered papers or book-blocks are manually fed into the machine in open form before folding.

The gripper jaw carries the papers/book block further for pinning.

The length of book, no. of pins and exact distance between two pins is to be set once in the touch screen panel on the machine.

The STITCHmaster stitches the pin at exact location as set.

Upto 24 pins in one book can be achieved in this unique machine.
